The Samoyede dog champion, "Donerna's Barin," owned by Alfred H. Seeley of Demarest, N. J., winner and best of his breed in the Tuxedo, Englewood and Bronx county shows. His ancestry is traced to dogs used on the Southern Cross Expedition to the Antarctic.

Theda Bara, movie vamp and latest addition to the ranks of fair golfers, may not have wished to create a new fashion for the links when she took her lesson from Gene Sarazen at the Westchester-Biltmore Club, so it is likely that she took off her heavy fur coat after "warming up." Wide World.

Thousands have found a way to regain the radiant joy of health

The charm and magnetism of perfect physical poise—the glow and sparkle that so many women lose needlessly—

Today we know how to keep them! Health and vitality are *normal*, not exceptional: ebbing strength and vigor are always due to some violation of Nature's law.

Thousands suffer because they neglect the body's two most vital needs: removing daily the poisonous waste and building up the worn-down tissues from day to day.

The fresh, living cells of Fleischmann's Yeast contain a natural food—with the very elements which help the body perform these two vital functions.

Like any other plant or vegetable, yeast produces the best results when fresh and "green"—not dried or "killed." Fleischmann's Yeast is the highest grade living yeast—always fresh. It is not a medicine, it is a natural food. It helps to "tone up" the whole system and assures regular daily elimination. *Results cannot be expected unless it is eaten regularly.*

Everywhere physicians and hospitals are prescribing Fleischmann's Yeast to correct constipation, skin disorders and to restore appetite and digestion.

"I have found it simply wonderful"

A Massachusetts woman was run-down, weak, anaemic, and a steady loss in weight alarmed her and her friends.

Then she began to eat Fleischmann's Yeast. "I have been eating it for three months now," she writes, "and have found it simply wonderful. Before I started to eat it, I weighed only 104 pounds. I have gained sixteen pounds, and my indigestion has disappeared."

Eat two or three cakes a day regularly—plain, or spread on crackers, or mixed with water or milk. If you prefer, get six cakes at a time. They will keep in a cool, dry place for two or three days. Begin at once to know what real health means! Be sure you get Fleischmann's Yeast. All grocers have it.
